

JP INTERNATIONAL SCHOOL GREATER NOIDA
SESSION- 2022-23

Circular no – JPIS/22/018
Date- 29th June 2022

Dear Parents,

Warm Greetings,

JPIS has always believed in providing quality education and sustained innovation for preparing 21st century learners. **We feel immensely delighted to share that we have incorporated Integrated Project Based learning (IPBL) for Grade I-V in the curriculum and this expeditionary initiative will be executed from 1st July 2022.** The entire project adopts dynamic approach to teaching in which students explore real –world challenges and develops their critical thinking and problem solving skills. With this type of active and engaged learning, students are inspired to obtain a deeper knowledge of the subjects they are studying.

Overview of IPBL as follows:

- Integrated Project based learning (IPBL) is an integrated subject activity
- Project based learning is a group activity of 4-5 students.
- Each group will be assigned an activity per subject by the class teacher.
- Project based learning activities will be done independently by the student at home and collaboratively in groups during subject periods.
- Each student will pick up one activity from the group of activities given.
- Project based learning activities will be assessed as part of internal assessment of Term 1 under the sub heading PROJECT.

Learning Goals of IPBL:

- Teach academic content knowledge and skills, and develop deeper understanding. ☑
Build 21st century success skills such as critical thinking, problem solving, communication, collaboration and creativity/innovation.
- Help students become aware of their own academic, personal and social development.
- Help students gain confidence for meeting new challenges in school and in life.

We look forward to a collaborative and productive teaching learning transaction.

Regards

Ms. Ruby Chandel(Principal)
