**Dear Parents,**

We are pleased to inform you that, from next session we are introducing **SkoolSmart**-RFID based student tracking solution in Campus & Buses for all the students in the school. This Solution is related to the safety and security of the students.

**Please find below the features & advantages of the solution.**

- Active RFID Solution for tracking the students in Campus & Buses.
- No tap or Swipe is required for this System.
- In Campus -Parents will get the Alerts when the child is reach or left the school with the exact timing.
- In Buses-parents will get the boarded & alighted SMS alerts with time.
- Parents can track the Buses with the help of mobile app and get the notification on the app for reach, left, boarded & alighted from bus.
- SkoolSmart Solution is far better and advanced from other solution as it's an Active RFID based solution with no tap or no swipe of the card in school campus or in the buses.
- All the students will be tracked & there is no restriction to follow any specific route for this solution. Students are free to move in the campus or in the buses.
- Students have to wear the card around the neck for proper detection and alerts while going In/Out from the school & while travelling in the Buses.

Looking forward for your support

Regards

Principal
