Subject: Regular update about Academics, Fee, Books and Stationary

**Dear Parents
Namaskar**

We all have gone through an unprecedented time during last academic session and it seems that we still have to face it more for some more time however, the good news is that vaccination drive is in full swing and hope, together we all beat the deadly virus with lots of resilience and conviction. In spite of much hardship, the overall session of 2020-21 was enriching as our students came out strongly with their exemplary performance and this wouldn't have been possible without your commendable support and trust. We pray to the Almighty to continue with his blessing for the session 2021 -22 as well.

Keeping the current scenario in mind, we may have to communicate frequently as per Govt. notifications received by the school from time to time wrt school timing, mode of education and fee.

In continuation of the recent interim directions issued by the DFRC, (district fee regulation committee), we wish to inform you that we have not revised the fee structure for the session 2021-22 and shall continue to raise monthly fee invoices as per the prevailing fee structure of 2019-20 only till we hear from the State Government regarding the final fee structure and like always we shall abide by it. You are requested to clear the outstanding fee of the last session, if any along with the fee of April 2021-22.

While, we are gearing up for the next academic session and will announce the date and mode soon as per the Government Notification.
